Mahatma Gandhi is a great person, two change  
our world. He was very wise man and he said  
"Be the <sup>10</sup>change that you wish to see in the world",  
I agree with him. Firstly, people must to  
give an <sup>40</sup>example to each other one another to  
change our world to better side. Secondly, the  
change that you wish to see in the world means that  
person understands his responsibility of this  
change. <sup>80</sup>

I want to give examples of my arguments. Once  
I was in difficult situation. I must to choose  
between my classmates and small children. My class-  
mates saw a <sup>100</sup>small boy, he was only 8 years old.  
And I tried to protect him. Of course, I was  
afraid of my <sup>120</sup>classmates but protect him. I got  
no choice. I started to explain them that they  
are wrong and pupils from other classes <sup>140</sup>supported  
me. Second example I want to take from literature. <sup>150</sup>  
Rodion Roskolnikov from novel "Crime and Punishment"  
of Fedor Dostoevsky <sup>170</sup>tried to change this world with  
help of the own theory. He was the first person  
who try to proof <sup>190</sup>his own theory on own experience.  
But it brought nothing good. He understood that  
he made a mistake and he <sup>210</sup>don't want to <sup>220</sup>  
people agree with his change that he try to  
~~then~~ bring in the world. He took <sup>230</sup>his punishment  
punishment.

All <sup>250</sup>in all, I want to say that we must understand  
necessity of changes that we bring in our world and <sup>250</sup>  
try to make our society better every day.  
We must <sup>260</sup>to give a positive example to each other and  
then <sup>270</sup>our <sup>260</sup>changes become true.
